## OUTSOURCING SERVICES

### **WHAT IS OUTSOURCING?**

Outsourcing (transferring of resources): a long-term agreement with an external service provider for the performance of tasks traditionally performed by the own employees of a company or organization.

In our present changing and globalizing environment only those who focus on what they are best at can succeed. In most cases it is more cost-effective to find competent experts and contract them for a given task than to train, set up and maintain a special, in any case professionally separate and therefore less controllable and manageable organizational unit within the organization.

**THE MOST IMPORTANT CONSIDERATION:** to increase the profitability and/or efficiency of the company or organization.

### **THE ADVANTAGES OF OUTSOURCING:**

- Our company is more experienced in the given activity, the performance of the given task is our core business activity, therefore we are able to develop and operate the given service in the most efficient manner
- the costs are fixed and can be planned in advance
- our company assumes a (quite considerable) part of the risks
- personnel problems (holidays, sickness, hiring) are eliminated
- simpler administration involving lower costs, a single contract
- our company assumes the organization of the professional development, further training of the employees
- the risk that an audit may discover problems is reduced
- our accounting system is used in a shared manner

## OUTSOURCING OPPORTUNITIES

### **OUTSOURCING OF ACCOUNTING ADMINISTRATION:**

- Bookkeeping, accounting service
- Performance of Social Security related tasks
- Administrative tasks, invoicing, etc.
- Preparation of regulations (personnel, cash management, risk, etc.)
- Organization of audits
- Information of the parent company / owner in a foreign language (German – English)

**REQUEST OUR  
OFFER!**

### **HUMAN OUTSOURCING**

- Our transferred employee performs the required work at your premises
- We hire the employees previously on the payroll of clients
- Our transferred employee performs the required work at your premises, with own computer and office equipment
